Policies Excess

Your policy carries an excess and this is the amount you have to contribute towards each claim. All excesses (your contribution) shown for this policy are payable by each insured person, per section and for each incident giving rise to a separate claim. Your contribution may be increased to include existing medical conditions confirmed in writing by us. The increased contribution will apply to all persons insured on the policy whose claim has been caused by the declared medical conditions.

DISCLOSURE OF MEDICAL CONDITIONS:

Your policy may not cover claims arising from existing medical conditions unless declared to us and accepted in writing. In order to obtain cover for your medical conditions you must have told us if your doctor has altered your regular prescribed medication in the last 3 months or you have ever had a heart related problem, circulatory condition, a stroke, high blood pressure, cancer, any breathing condition (including asthma), diabetes or been treated for any other serious or re-occurring medical condition. You will also need to tell us if in the last two years you have been asked to take regular prescribed medication, or been referred to a specialist or consultant at a hospital for tests, diagnosis or treatment. If we are able to provide cover for your existing medical conditions we may require an additional premium. If you have declared any existing medical conditions they will be summarised in a separate Medical Declaration which will show the conditions have been accepted by us. Any additional medical conditions not declared to us will not be covered.

If your health or your ongoing medication changes between the date the policies were bought and the date of travel you must advise us on 0345 812 0033 as soon as possible.

We will advise you what cover we are able to provide, after the date of diagnosis. We reserve the right to increase the premium, increase the excess, exclude the condition or withdraw the cover should the stability of the condition make it necessary.
